

WASHINGTON TO CALL JAPAN TO ACCOUNT.

Formal Protest to Be Made Against Manchurian Usurpation.

Nippon's Aggressions in the Far East a Contributing Reason for Long Cruise of Big Fleet—Tokio Is Expected to Feel Force of Moral Pressure to Be Brought by United States.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Feb. 24.—[Exclusive Dispatch.] Walter Wellman, in a special from Washington to the Record-Herald, says: "The United States government is preparing a formal protest against Japanese usurpation of territory and territorial control in Manchuria. This protest will soon be issued. It will undoubtedly be regarded as a sensational event all over the world, and will cause another war scare."

"The protest will be a strong and earnest one and, though addressed to the Japanese government, it will probably be sent to all the powers in the form of a joint note."

"So far as the moral influence of the American government can be exerted, everything possible will be done to compel Japan to observe her treaty obligations and to respect the territorial entity and administrative control of China."

TREATY BEING VIOLATED. "Japan is not behaving in Manchuria as was required of her by the treaty of Portsmouth. Nor is Russia, for that matter. Each power is jealous of the other, and each is seeking more and more the reins of local authority and ousting the humble Chinese. The Japanese are the more aggressive. Their overbearing conduct has greatly increased the Chinese authorities, and only today the cable brings news of a conference of the Chinese Governors of the three provinces of Manchuria to be held at Mukden next week."

"The Chinese government had made representations to Washington concerning the situation."

think twice before they push on with their aggressions. "The most that is hoped for is to stay their hands temporarily and give China a chance to find a way to help herself. The protest may not do much good in the long run, as the Japanese are famous for never giving up anything they once get into their clutches and they are as fertile as the Russians in finding pretexts and justifications."

"Just after the Russo-Japanese War, many students of world affairs were alarmed lest Japan attain ascendancy over China, politically, commercially, militarily and create an Oriental empire which might menace the whole world. If Japan ever had such a dream—and there is evidence that once they did—it has been rudely dispelled. Instead of making headway with the Chinese, the Japanese have actually lost ground. The Chinese hate them and will have none of them."

FILIPINOS FRIGHTENED. "The aggression of Japan in Korea and Manchuria has had a very curious effect in the Philippines. A few years ago the Philippines were eager for the United States to withdraw from the islands and permit them to stand alone as an independent nation. Now, the greatest fear of the Filipinos is that the United States may withdraw and leave them to be gobbled up by the Japanese whom they have learned to mistrust and to fear."

"Japan has killed for a time, at least the independence aspirations of the Filipinos. Uncle Sam, as a protector, is now a very popular individual with them. Nowhere in the world probably is the advent of our fleet in Pacific waters hailed with greater delight than by our wards in the Philippine Islands."

"While there is not the slightest danger of war between the United States and Japan over either the Manchurian or the immigration questions, there does exist here a great deal of curiosity as to how the chauvinists, agitators and 'yellows' of Japan will regard the efforts of the United States to bring their government to a respect of its treaty promises in Chinese territory."

THE REIGNING HOUSE OF PORTUGAL. Latest photographs of King Manuel, his mother, the widowed Queen Amelie, and the Duke of Oporto, brother of the late King Carlos and heir presumptive to the throne of Portugal, who are again thrown into the world's limelight by unexpected developments in the kingdom which has been the scene of numerous tragic events during its many centuries of history.

WASHINGTON, Feb. 24.—[Exclusive Dispatch.] An earnest effort has been made by your correspondent to ascertain the views of leading monarchists, legitimists, royalists, aristocrats and the better element generally on President Roosevelt's assurances to the Peruvian President of the regards of "Me and my people."

At the headquarters of the Legation Club, an organization maintained by those who believe that Queen Mary of Bavaria, a descendant of James II, is entitled to the throne of England, there was much indignation.

Fitz-James R. Decourcy, the president of the club, said: "President Roosevelt has overstepped the bounds in using the expression 'Me and my people.' Queen Mary is the rightful ruler of this country, the Stuarts having never abdicated their claim and the insurrection headed by Mr. Washington never having been recognized by them, but only by the usurping Prince of Hanover, who called himself George III. In Mr. Roosevelt's attempt to assume the royal form of expression we recognize an insidious and crafty attempt to take away Queen Mary's rights."

On the other hand, at the Monarchist Club, an organization founded by friends of Prof. Drake of Ann Arbor University, who recently declared in favor of making Mr. Roosevelt king, there was much elation.

"Professor Drake's idea, derided though it was at the time," said President Cornwallis De Vere, "has eventually found an echo in the heart of our future king. The hirelings of the press have abused him, but he spoke prophetically."

DOCTORS DECLARE THAW INSANE.

WHITE'S SLAYER IS WATCHED BY ALIENISTS.

According to Their Views the Prisoner is a Paranoiac, and as His Disease is a Progressive One It is Believed Only Death Can Release Him from Madness.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Feb. 24.—[Exclusive Dispatch.] Harry K. Thaw is doomed to spend the rest of his life in an asylum for the insane, according to alienists who have watched him since he was committed to Matteawan asylum.

They are convinced that he is a paranoiac, and, as paranoia is a progressive disease, it would appear that nothing short of a miracle can intervene to secure his freedom.

In the present state of Thaw's case his future is entirely in the hands of the State Board of Lunacy and the staff of alienists at Matteawan. Custom provides that when a man is committed to the State Hospital for the Criminal Insane the doctors there shall observe him for sixty days and then report on his mental condition if they see fit. Should such a report be forced by Thaw's attorneys at the expiration of his first sixty days in Matteawan it will certainly be adverse to him.

Dr. Ferris, head of the State Board of Lunacy, on whose judgment Thaw's chances of liberty largely depend, was one of the alienists engaged by District Attorney Jerome at Thaw's first trial. He was then and is now of the opinion that Thaw is a dangerous lunatic.

FEELS FINANCIAL STRINGENCY.

Panicky Conditions Said to Be Manifesting Themselves in Some of the Cities of Japan.

[BY THE ASSOCIATED PRESS-P.M.] BERLIN, Feb. 24.—The tightening of financial conditions in Japan is regarded by banks here as likely to result in the transfer from London to Tokyo of a large portion of Japanese balances and somewhat to disturb European money markets. Japan's balances in London are estimated as between \$60,000,000 and \$75,000,000.

At the Japanese embassy here the news of panicky conditions at Osaka, Kyoto and Kobe is discredited, but private advice to German firms trading in the Far East confirm the news of the scarcity of money.

The stringency in the United States is believed to be affecting Japan, especially as Japanese exports to the United States have fallen off to a considerable extent. The prolonged doubt concerning Japan's intentions toward the United States on the emigration question have tended to make European bankers with Japanese connections withdraw their loans and conduct their business with unusual caution.

BOXING BOUTS FORSAIORS.

Jeffries and Van Court Plan Championship Card.

Amateurs of Southern California to Enter.

Contests to Be Conducted Under A.A.U. Rules.

Jim Jeffries yesterday set on foot a movement to entertain the sailors of the visiting fleet with a great amateur boxing carnival, for the championship of Southern California. De Witt Van Court, boxing instructor at the Los Angeles Athletic Club, has been given charge of the affair. He will apply at once for a sanction from the local commission of the A.A.U., and will make all the arrangements for the athletic carnival.

Jeffries is a member of the committee which has charge of the entertainment of the men of the fleet. Postmaster Morley P. Hunt is chairman of this committee.

Jeffries and Van Court held a long consultation yesterday, and their plans met the full approval of Chairman Hunt. The boxing carnival will be given during the stay of the fleet in Southern California waters, probably about the middle of the month.

Another version. JEFFRIES AS REFEREE. (BY THE ASSOCIATED PRESS-P.M.) LONDON, Feb. 24.—Tommy Burns, the heavyweight champion, and Jack Johnson, the negro heavyweight, may meet in this country within the next few months. A syndicate of British sportsmen have offered a purse for a fight between Burns and Johnson to take place at Newcastle, one of the Lancashire cities in England. They have placed a deposit of \$200, and Burns, having accepted the terms, has deposited a similar sum as a forfeit. The syndicate offers Johnson \$5000 win, lose or draw. The fight is to take place before June 10, and Burns is to have a sixteen-point ring. He is also agreeable to the suggestion that James J. Jeffries shall act as referee. Burns will remain at Hampton until March 15, when he will go to Dublin for his fight with St. Patrick's Day with Jim Roche.

VICTORY TO OCCIDENTAL. Presbyterian Preps Defeat Hollywood High School Tennis Players in Tournament.

Occidental Academy defeated the tennis players of Hollywood High School, by a score of 18 to 6, yesterday afternoon, on the Hollywood High School courts.

The tournament consisted of three events, two singles and one double. The match between Mace (O) and Douglas (H), counted five points and was won easily by Mace. The one between Lott (O) and Ferguson (H), counted three points and was won by Lott.

The double event, counting five points, was won by Mace and Lott. None of the players were in good form, but the Academy lads did not have much difficulty in winning all of the events. Ferguson and Lott played the best games of the tournament. Douglas played very poor tennis, but said that it was due to his baseball playing last Saturday.

The doubles were played and won by Mace and Lott. Douglas played very poor tennis, but said that it was due to his baseball playing last Saturday.

Prices will be given to the winners of first and second place in each event. Gold and silver medals probably will be given, valued at \$25 and \$20, respectively. All officers and sailors will be admitted free, but a small admission fee will be charged the general public.

This will be the first amateur boxing tournament ever held in Southern California. Entries from the I.A.A. then Army and Y.M.C.A. gymnasiums are expected, but it is not yet ascertained whether the greatest number of entries is expected.

NORTHERN BANTAM. Mike Kutchko, a San Francisco bantamweight, arrived in Los Angeles yesterday, and then looking for a fight with Southern most young McGovern at 115 pounds by winner take all. He may be matched with another boy by Manager McCarStat of the Pacific Athletic Club, in a preliminary to the Coulton-McGovern match.

Kutchko has a creditable record, as he has fought for four years, in two of which he was an amateur. Notable bouts in his career are: Ah Winesides knockout, one round; Jimmy Erryngton, four rounds; Harry Williams, lost, four rounds; Frank McDonald, won, four rounds; Manuel Torres, knockouts three rounds; Congo Congo, draw, ten rounds.

COULTON IS COMING. (M.) Johnny Coulton, the Chicago featherweight, who is to fight McGovern on March 12 for the championship of the world, is expected to arrive in Los Angeles yesterday, and he would leave for Chicago Friday night, and expected to return to Los Angeles Monday.

Battling Nelson put in a strenuous day Monday, racing along the wharf a front at San Pedro for eight miles in the morning, and another of the same hour at the San Pedro Athletic Club, in the afternoon, before a crowd of 2000 persons. Battled four rounds with two San Pedro boys, and won by decision. Then he took on Eddie Menn, and boxed and wrestled two even when, after three, the wind-up call came in three fast rounds with Kid Dandelion. Jimmy Britt took a day off Monday, the fear that he might train down to the fine, as he weighs 136, and it was thought the rest of a day would be beneficial to the San Francisco fighter. Dandelion camp here, with Danny Webster will be retained to box three rounds each, as before.

Sheriff Stops Fight. TACOMA (Wash.) Feb. 24.—Deputy Sheriff King of Lewis county stopped a fight in the second round, between Billy Rose and Fred Daboe near Central yesterday afternoon. The principals and Referee Kelly were arrested, and are held under \$200 bonds. A crowd of 200 witnessed the short contest, which was pulled off in an open field about a mile from the city limits of Central.

BURNS-JOHNSON MATCH LIKELY.

(BY DIRECT WIRE TO THE TIMES.) LONDON, Feb. 24.—[Exclusive Dispatch.] Tommy Burns, champion of the world, has posted the sum of \$4000 in this city as forfeit to box Jack Johnson, the mighty colored fighter, in a twenty-round contest in this city some time in April. As Johnson has challenged Burns repeatedly it is believed the negro will jump at this chance to get at the champion.

James Cox has been negotiating with the principals for some time and today made such a favorable impression on Burns that the latter posted a forfeit at once and caused a cable to be sent advising Johnson of the conditions.

No date is set for the meeting, but it is thought here that Burns will immediately drop all engagements he has on hand and get into the best of shape, providing the negro accepts the conditions.

ATHLETICS IN THE SCHOOLS.

Schedule of Spring Sports Arranged by Tritt.

Committees Trying to Model After New York City.

Interclass Contests Are to Be Big Feature.

Class athletics for both boys and girls will be the leading feature of this spring's grammar school sports. The contests are to follow in general lines those of the Public School Athletic League of New York City. This league is entirely distinct from the educational part of the public schools, and is under the general supervision of Gen. George W. Winkler, vice-president, and the entire board is made up of prominent men in the United States.

Class athletics is a device by which every boy physically fit may enter any athletic event, help his class to win, even though he may not be good in the event in which his class is entered. In this form of athletics, a trophy has been tried, practically every boy has entered, arousing a great interest in athletics.

In these class sports the league places no restrictions upon the boys except physical fitness, and that no pupil whose department has been unsatisfactory in the previous month may compete. No less than 75 per cent. of the class enrollment must take part. Classes are divided into senior and junior, and each team consists of twelve or thirteen or over, junior teams, under thirteen.

For the boys there are to be contests in standing broad jump, "chinning" and running, as well as baseball, basketball and kite-flying contest. In the running the boys are to be divided into the time elapsed by the number of boys, the race being won by the fastest.

This year's committee consists of W. Tritt, E. W. Reed, Estella A. Reed, and E. W. Reed. There are also sub-committees, the districts being divided into those schools under the supervision of Assistant Superintendent Bettenger, Monlux, or Burden. The schedule is as follows:

Class running, to April 10. Kite-flying contest, about April 11, in charge of Charles M. Miller. For boys' baseball and basketball, and for girls' basketball, entries are to be in by February 28.

Mr. Tritt hopes to be able to procure more enthusiasm, and also hopes to be able to present pink like those of the Public School Athletic League of New York City. These contests can run eighty yards in a specified time, broad jump 5 feet 9 inches and kite four times.

RACING AT SANTA ANITA. Poor List of Entries Furnishes Close Finish in Only Two of Six Contests.

There was little class to the racing at Santa Anita yesterday, four of the races being won easily with four or more lengths to spare. The first and third races furnished exciting head to head finishes, however, choice to Harcourt, in what was otherwise a race of dogs, won the first race in a stretch drive. Harcourt did not begin to race early enough, but came fast in the last sixteenth. In the third, Black Mate responded gamely to punishment and wore down steadily by a head in the closing stages.

RESULTS OF RACES. Five and one-half furlongs: Bambo, 106 (Boland), 13 to 5, won; Harcourt, 107 (Schilling), 9 to 10, second; Port Mahone, 104 (Goldstein), 15 to 1, third. Time, 1:10. Four furlongs: Madrieno, 99 (Muegrave), 4 to 1, won; Cull Holland, 102 (Bum), 10 to 1, second; George H. (Preston), 7 to 1, third. Time, 1:04. Three furlongs: Traffic, Foreground, Heydon and Live Oak also ran.

ATHLETICS IN THE SCHOOLS.

Schedule of Spring Sports Arranged by Tritt.

Committees Trying to Model After New York City.

Interclass Contests Are to Be Big Feature.

Class athletics for both boys and girls will be the leading feature of this spring's grammar school sports. The contests are to follow in general lines those of the Public School Athletic League of New York City. This league is entirely distinct from the educational part of the public schools, and is under the general supervision of Gen. George W. Winkler, vice-president, and the entire board is made up of prominent men in the United States.

Class athletics is a device by which every boy physically fit may enter any athletic event, help his class to win, even though he may not be good in the event in which his class is entered. In this form of athletics, a trophy has been tried, practically every boy has entered, arousing a great interest in athletics.

In these class sports the league places no restrictions upon the boys except physical fitness, and that no pupil whose department has been unsatisfactory in the previous month may compete. No less than 75 per cent. of the class enrollment must take part. Classes are divided into senior and junior, and each team consists of twelve or thirteen or over, junior teams, under thirteen.

For the boys there are to be contests in standing broad jump, "chinning" and running, as well as baseball, basketball and kite-flying contest. In the running the boys are to be divided into the time elapsed by the number of boys, the race being won by the fastest.

This year's committee consists of W. Tritt, E. W. Reed, Estella A. Reed, and E. W. Reed. There are also sub-committees, the districts being divided into those schools under the supervision of Assistant Superintendent Bettenger, Monlux, or Burden. The schedule is as follows:

Class running, to April 10. Kite-flying contest, about April 11, in charge of Charles M. Miller. For boys' baseball and basketball, and for girls' basketball, entries are to be in by February 28.

Mr. Tritt hopes to be able to procure more enthusiasm, and also hopes to be able to present pink like those of the Public School Athletic League of New York City. These contests can run eighty yards in a specified time, broad jump 5 feet 9 inches and kite four times.

RACING AT SANTA ANITA. Poor List of Entries Furnishes Close Finish in Only Two of Six Contests.

There was little class to the racing at Santa Anita yesterday, four of the races being won easily with four or more lengths to spare. The first and third races furnished exciting head to head finishes, however, choice to Harcourt, in what was otherwise a race of dogs, won the first race in a stretch drive. Harcourt did not begin to race early enough, but came fast in the last sixteenth. In the third, Black Mate responded gamely to punishment and wore down steadily by a head in the closing stages.

RESULTS OF RACES. Five and one-half furlongs: Bambo, 106 (Boland), 13 to 5, won; Harcourt, 107 (Schilling), 9 to 10, second; Port Mahone, 104 (Goldstein), 15 to 1, third. Time, 1:10. Four furlongs: Madrieno, 99 (Muegrave), 4 to 1, won; Cull Holland, 102 (Bum), 10 to 1, second; George H. (Preston), 7 to 1, third. Time, 1:04. Three furlongs: Traffic, Foreground, Heydon and Live Oak also ran.

Five and one-half furlongs: Bambo, 106 (Boland), 13 to 5, won; Harcourt, 107 (Schilling), 9 to 10, second; Port Mahone, 104 (Goldstein), 15 to 1, third. Time, 1:10. *Brutal Murder of Young Spaniard
Who Is Mistaken for Rich Brother.
Fifth Tragedy in Family in Three
Years.*

and the scene of the Temple-street murder, the Ramirez flats. Cross a
the front of the house where the sidewalk turns off shows the crushed
hat and the pool of blood where Ramirez was struck down. Second
pool in the alley leading to Stockton street shows where the wounded
man fell off while crawling around to the back door.

TONY RAMIREZ's brother—Solemn Rey Ramirez—was beaten to death on his own doorstep early yesterday morning—or late Sunday night.

The murder was evidently done by footpads who mistook the young man for his brother, the proprietor of a Spanish restaurant, who lives in the same house, and who carries money.

The murders lay in the shadow of the house and "jumped" young Ramirez as he came around to the back door. A hole as big as two dollar pieces was pounded through the back of his head; his body and face were

FIND POOLS OF BLOOD.
At the side of the house was found another pool of blood. It was down in the alley, or way, leading to Stockton street.

Young Ramirez must have lain where he was struck down for some time—long enough to have bled terribly—then painfully crawled around to the side of the house, trying to follow the walk around. He apparently fell off the sidewalk into the alley, or way, below—a distance of three or four feet. Another big pool of blood was found there.

By some superhuman effort he man-

burglary was committed. She believes the man watched her hide the key when she went out. The police think the burglar was in quest of the papers, for he searched every room in the house. Besides the promissory note, deeds to several lots are missing.

When the burglar went out he left the key on the inside of the door. A neighbor saw the man leave, but paid no attention to him. The police have his description and a clue which they hope will lead to his arrest.

1990

to climb back onto the wall and to continue his way around to the back door, where he tripped until his mother let him into the house. Indications of the struggle lay all about the walks and ground at the corner of the house.

When the boy was gotten to the hospital, it was seen at once that he had but a shadow of a chance to live. His brother summoned four surgeons, however, and ordered an immediate operation.

SKULL CRUSHED.

The back of his skull was found to have been literally crushed in by a blow—a club or a sandbag. His face and neck were covered by a peculiar feature of the assault was two holes in the sleeve of the coat. They resembled holes that might have been torn by a club, but could hardly have been that, because they were inside of the sleeve.

These holes supply a mystery to this case, but perhaps a clue.

Two Spanish detectives—the Rice brothers—are now at work on the case. The murdered boy had lived a clean life and was in exceptional physical condition. His wounds, which were sufficient to have caused almost immediate death in the case of most men, did not prove fatal until 6 o'clock last night. After entering his room he never regained consciousness.

The body has been removed to an undertaker's, and an inquest will probably be held. The funeral arrangements have not been perfected.

HORRIBLE AND PITIFUL.

No more horrible or pitiful murder in the history of the city was known in Los Angeles. The friends of Yemle Ramirez felt apprehensive for his safety.

Detective Thomas Rico said last night, after returning from the scene of the murder, that he was not sure, but that this man was brutally murdered.

"He was evidently attacked upon the front sidewalk at the foot of the stairs leading to the flat.

"The evidence of a struggle to where he first fell—where the hat was found, near the porch.

"At the side of the house we found signs of a struggle, near the back gate. The wounded man evidently fell against the back gate. Falling through that, he evidently made the noise that was heard.

"His mother came to the door and let him in. He recognized her and said, 'Is that you, mother?' Then he asked for the money he had been waiting for and went on up to his room. I cannot find that he made any further statement."

JAPANESE IN TOILS.

Accused of Issuing Worthless Checks at Santa Maria—Poker Players Caught at Santa Barbara.

SANTA BARBARA, Feb. 24.—After a search of more than four months, Sheriff Stewart, yesterday, captured a Japanese who is accused of drawing checks on the Bank of Santa Maria, which he had no funds. He is now in jail in Santa Maria and his examination is set for Wednesday. The prisoner is known as S. Nichi. He is 35 years old, good looking and dresses well. He speaks English fluently when he so desires.

POKER PLAYING TO BE STOPPED.

Chief of Police James Ross has started a crusade against poker playing in the rooms at the rear of certain tobacco stores. Late Saturday night he raided the place owned by H. A. Barr, in a back room of the Hotel New Morris and arrested seven men, including the proprietor. The prisoners gave the names of John J. Taylor, Henry Tompkins, Robert Clark, Robert Martin and John Doe. They furnished \$25 bail each.

GRIP THIEF GRIPPED.

After Exciting Chase He Is Arrested and Confesses Theft and Also an Earlier Chase.

After an exciting chase, Carl Hanson, a solicitor, captured last night at First and Main streets on the charge of stealing a grip from Dean's drug store. Hanson had the grip when captured and later confessed to entering the Grossman Leather Company's store, on Main street, and stealing a grip last night, where he stole a suit case and three kodaks, valued at \$75. These he shipped to Santa Francisco, where he intended to sell them.

Hanson was taken to Dean's drug store about 8 o'clock last night, and while the clerks were busy, grabbed an alligator grip off the sales case. As he ran out of the store, a policeman saw him and told the clerk. The police were called and a few minutes later Detective Ritchie and Rolands learned that he had attempted to pawn the grip on Main street. Hanson went to several pawnshops, but was unable to get the money for the grip. The police. The detectives followed him from one place to another until he was found in Solomon's pawnshop at First and Main streets.

When taken to the Police Station, Hanson confessed to the theft and the burglary. He said he was without money to pay for his room and employment. He has been in Los Angeles about two weeks.

TILL TAPPED LOVELY.

Two Prepossessing Young Men Relieve Food Store Man of Four Hundred Dollars.

While a well-dressed, handsome young man engaged H. B. McKinney in conversation in front of the latter's feed store at Seventh street and Towne street, the man, who was dressed in a suit and took from the money drawer \$400.

The police are searching for the young men, who are alleged to have perpetrated many thefts of similar character.

"The man was standing in front of the store when the two young men came up," said McKinney, yesterday. One began to talk to me about the neighborhood and the other the people that lived there. The other asked me if I knew where he could get a telephone and I told him to step into the office and use my phone. He went into the office and returned soon, and away with his friend walked."

WOMAN'S LOSS HEAVY.

While Mrs. Jennie Bradford of No. 901 Stafford street was away from home a few minutes yesterday afternoon, a burglar ransacked the house stealing \$200, a gold watch and some valuable papers, among which was a promissory note for \$500. To gain admission the man used a key in the front door, which Mrs. Bradford had hidden under the door sill.

Mrs. Bradford was away about twenty-five minutes, during which time the burglar was working. She believed the man watched her hide the key when she went out. The police think the burglar was in quest of the papers for the \$500 note. She believes the man was a burglar who had been in the house. Besides the promissory note, deeds to several lots are missing.

When the burglar went out he left the door unlocked. She believes a neighbor saw the man leave, but paid no attention to him. The police have his description and a crew which they hope will lead to his arrest.

MISSING WIFE SADLY FOUND.

Mysterious Disappearance Is Now Explained.

Woman Found by the Police. Staggering Drunk.

Rebuked by Clergyman, She Fled to Bacchus.

"My husband and I quarreled. It was a case of too much father-in-law. I would not do it, so I left home, and this is the result."

Mrs. Roy S. Cleveland, daughter-in-

grace which has come to her has crushed her and she sobbed in her misery as she told her strange story.

"A PERFECT GENTLEMAN!" continued the young wife, "I did not know where I was going and I did not care. I took a car for town and got off somewhere. Then I met a man and he seemed so nice that I was not afraid. I told him I had nowhere to go and he took me to a room in some hotel."

"I told him about my trouble at home and he ordered some liquor, which I drank. I guess I drank too much as I don't remember much until I awoke the next morning. Then the man told me to be careful not to let people know who I was as it might cause a scandal. He told me not to go out in the daytime."

"He came to see me several times and we went out on the street two or three times at night. He told me he is a jeweler, and gave me his card. He seemed to be a perfect gentleman."

"I pawned my engagement ring so as to have money to pay my room rent. I have never worked in my life and I had to have money. I guess I made a mistake when I told the police my right name as I'm sure this is going to cause quite a scandal."

Cheney, the companion of Mrs.

Mrs. Roy S. Cleveland,
whose quarrel with her husband led her to disgrace, and who is now in the County Hospital.

law of Rev. G. S. Cleveland, pastor of the Orchard-avenue Baptist Church, made this statement yesterday as she rested on a cot in the matron's department of the City Jail.

Ten days ago Mrs. Cleveland, the pretty wife of young Roy S. Cleveland, left her home, No. 322 West Third street, and a few days later was found by a patrolman on East Seventh street, where she was staggering under the influence of liquor.

On the night she left home Mrs. Cleveland came uptown and met a young man named M. J. Cheney, who rooms at the Hotel Leland on East Fifth street. The two went to the Palace Café, had a few drinks together and then went to the Earl Roy apartments, No. 249 East Fifth street, where they registered as H. F. Jones and wife.

GETS HER TO PAWN RING.
At Cheney's suggestion, Mrs. Cleveland pawned her diamond engagement ring at a Main-street pawnshop, securing \$30 on it. Part of the money she gave to Cheney, who paid the room rent for a week in the Earl Roy.

At the Earl Roy young Cheney explained that he had met the woman on the street and had taken pity on her because she said she had nowhere to go. His sympathy led him to find her a room and afterward to buy her liquor.

On Friday night, after having stayed at the hotel for nearly a week without being discovered by her parents, Mrs. Cleveland was turned out on the streets, drunk. She went to "The Tourist" on East Seventh street, where she remained until Sunday night when the police found her.

Cheney visited her at the Tourist day before yesterday, a short time before her arrest.

HAD WINE SUPPER HABIT.
When taken to the Police Station Mrs. Cleveland seemed to be suffering from the effects of a powerful drug, and it was many hours before she became sober enough to tell her story. She at first refused to give her name, but finally broke down and confessed her identity.

To a Times reporter she explained that she has been in the habit of attending wine suppers with her husband. She says she became fond of liquor and had it in the house almost all the time until she came to Los Angeles a few months ago. Then, she says, her ministerial father-in-law refused to allow her to have liquor and the quarrel with her husband followed. She spoke bitterly of the pastor.

"My husband," she declared, "was always loving and kind and did not refuse me anything. She has been married six years and is 25 years old. She has no children. The couple formerly resided in Minneapolis, Minn."

The young wife is a stunning brunette, with large, dark eyes. The dis-

grace which has come to her has crushed her and she sobbed in her misery as she told her strange story.

BUSINESS HOPE LIES ON TAFT.

Banker Hellman Gives Sound Prosperity Talk.

Reasons Why War Secretary Should Be President.

Says Bright Side's Turning Up This Spring.

Lasius W. Hellman, the controlling mind in a string of banks covering the Pacific Coast, and too well known to Los Angeles people to need an introduction, is here for a few days from San Francisco looking after his many interests. He was found at the Farmers' and Merchants' National Bank im-

mersed up to his eyes in business affairs, but not too busy to give The Times a little interview, especially interesting for the reason that it touches the national politics of the day. Mr. Hellman's close connection with great business interests all over the United States gives particular importance to his views.

Asked about business conditions, Mr. Hellman said: "Oh, San Francisco is doing pretty well, and you know conditions here in Los Angeles better than I do. Judging by my own affairs here, everything in your city is turning a very bright side to us these spring days. I think business depression here will be very short-lived and will not very greatly affect any legitimate interest."

"But the more interesting point is the shape that politics are taking. There is only one thing for those who have an intimate interest in business in any way, and that one thing is to see that nothing comes in the way of the nomination and election of William H. Taft. If we don't get Taft there is very great danger that Bryan may at last break into the Presidency. And you know how great a calamity I think that would be. Mr. Taft has been tried in statescraft. From his experience in judicial positions he has cultivated a thoroughly judicial mind. He sees things with remarkable clearness, and fortunately for the country, his views are always in the right direction. In executive positions the Secretary of War has also had abundant and varied experience and his administration has been conspicuously successful as his career upon the bench."

"With Secretary Taft nominated by the Republican convention at Chicago next June, you will see an immediate improvement in business. The business men of the country will be inspired with most confident hope that the people will realize the importance of electing Mr. Taft. I myself have no doubt about his success before the people. Once elected, the assurance of such a man as President for four years will immediately restore confidence in every branch of business, and we shall see prosperity again prevail throughout the whole country."

"I am glad to see, as I do every day in my office in San Francisco, how strong The Times is for Mr. Taft. I notice that you were the first paper as far as I know on the Coast to come out unequivocally for him as the nominee of the Republican party. Keep up your good work and leave nothing undone to secure his nomination, and after that his election."

Mr. Hellman is staying at Pasadena during his visit to Los Angeles, which will probably continue about two weeks.

THE PROHIBITION WAVE.
Rev. O. T. Nichols will address the Sixth Ward Prohibition Club tonight, at Forty-fifth street and Central avenue. His subject will be "The Prohibition Wave and Its Meaning."

FEW ESCAPE PENALTIES.
Hard Times for Murderers and Robbers in Los Angeles County.

For the five years during which Capt. John D. Fredericks has been District Attorney there have been sixty-three trials of persons charged with murder in the first degree in this county.

As shown by a statement issued yesterday. Of these five have been sentenced to death, fourteen to life imprisonment, ten have been acquitted, and nine charges were dismissed for lack of evidence. There are three prisoners awaiting trial. The other twenty-two murderers received sentences of from thirty-five years down.

The record for trials upon the charge of robbery during this time shows eighty-six, out of which have been secured fifty-one convictions with sentences for the most part of from fifteen to twenty years—two for life. Only six were found not guilty, twenty-one cases were dismissed; one respondent forfeited his bail, one committed suicide, and there are six trials pending.

The most sensational murder trials in which acquittals were found were those of Charles Temple, M. M. Melrose and Estelle Corwell. Of the five convictions in which death was the penalty, the trials of Dan F. Meekil and Morris Buck were the most noteworthy.

MONTANA'S GOVERNOR GIVING UP HIS OFFICE.

Gov. Joseph K. Toole

of Montana, now in the city, whose resignation is announced this morning.

Gov. Joseph K. Toole
of Montana, now in the city, whose resignation is announced this morning.

GOV. JOSEPH K. TOOLE of Montana arrived in Los Angeles yesterday from Helena, and is a guest at the Westminster. Gov. Toole announced shortly after his arrival that, owing to ill-health, he has decided to resign as chief executive of the State of Montana, and that his resignation will take effect April 1.

Gov. Toole is accompanied by Mrs. Toole, who is a sister of the late Gen. William S. Rosecrans. Their visit here is expected to last for an indefinite period.

Speaking of the cause of his resignation, Gov. Toole said: "I have been in poor health for sometime, and the duties of my office have become a great burden. My term of office is to expire shortly, and I have fore-stalled that by coming to this delightful place, where I will endeavor to regain my health; for that, you know, is the first thing a man should think of."

"I have been elected Governor of Montana three times, and my heart is filled with the great honor that has been showered upon me. If it were in my power, I would offer my services in whatever capacity necessary to my State, but when health fails, there is but one thing to do, and that is rest."

"Montana is too far North for me while in my present health. I have lived in that State for forty years, and was away during that time only four years. That period was when I was at Washington as a delegate from the then Territory of Montana. Lieut. Gov. Edward Norris will, according to our laws, succeed to my position as Governor."

"I have been in Los Angeles three times," he continued, "but I have never stayed long enough. This time I hope to get around more, and it is my intention to go to some of your interesting environs."

Gov. Toole has been a man of affairs for the last sixteen years. In speaking of the mining interests in Montana, and the conditions at this time, he said: "There is little activity in that direction now. The State is in excellent condition, however, financially. At Helena—that is where I live—I had the distinction of being one of the few cities whose banks did not have to issue certificates. Not a bank in Helena but was able to meet the demands and deal with the situation neatly. At Butte, the one bank which suspended, has opened its doors again, and is now on a solid basis."

Gov. Toole made a number of acquaintances when he and Mrs. Toole were here to attend the funeral of Gen. Rosecrans, ten years ago. Their stay at that time only covered a few days.

STRANGE LAND'S NEW MYSTERY.
SANTA MONICA MOUNTAINS ARE NOW "SMOKING UP."

Story of Volcano Belching Sulphur Fumes Sounds Startling Till Oil Men Robs It of Terrors by Suggesting Subterranean Fire of Asphaltum.

Las Pulgas Cañon, in the Santa Monica Mountains, is the latest part of that region of mystery and happenings to have a mystery of its own. According to investigators, a volcano is possibly forming there, the ether fires seeking exit through the crust of the world.

However, an oil expert comes forward with a suggestion that a subterranean deposit of oil has caught fire, and as no one in the region has reported seismic rumblings, his theory seems the better one.

The first man to become aware of anything unusual in the little cañon was O. Henry, a guide for the Topanga company. Monday last he started the group that holds sessions at Harry Sexton's, at the mouth of the cañon, Santa Monica Cañon with a tale of a crevice he found in the cañon that morning.

Recalling that many people have witnessed strange things in the cañons that come down to the sea between the mammoth wharf and the Malibu ranch, and remembering also that of dozens of yarns of murders, and buried treasure, but few have proved true, little attention was paid at first to Henry's contribution to mountain mystery.

Yesterday, however, the Wilnot brothers and Thomas Mowry decided to see if there was "anything in it." Henry, who is credited with knowing "every foot of the mountains," continued to insist that the crevice was there, and also the smoke.

The three men quickly found proof that something queer was happening, for, on reaching the mouth of Las Pulgas Cañon, they saw smoke pouring down the steep gulch, and coming up in a thousand little jets from the loose shale, which forms the walls and floor of the cañon.

Leaving their team on the beach, the men climbed the sliding shale till they came to where the smoke was greatest. Digging through the loose rock they found the stone becoming hotter and hotter.

Into that region, where the earth seemed to be collapsing, the men dared not go.

Mr. Mowry and A. X. Wilnot would not venture a theory regarding the real origin and character of the subterranean fire, except to speak confidently of the outbreak as a "volcano." A. E. Wilnot, an oil man, was at first inclined to accept this startling explanation, but finally abandoned it.

"I think it may be a subterranean deposit of oil," he said yesterday. "Somehow, however, has taken fire. The pressure of gases would cause an upheaval of the earth, and an even greater sinking after the gas escaped, and the oil was burnt out. But that is only a guess," he added, "I don't know what it is."

REAPING. MONEY IN BANK LOOKS GOOD.
BOARD OF EDUCATION RENIGS ON VACATION PAY.

The financial situation at educational headquarters is the one absorbing topic among the members of the Board of Education. The all-around salary board has had about the same effect upon the school funds that the same thing had on city funds when the City Council became very generous with city employees and raised all the salaries.

Every item calling for the appropriation of money for the schools must now be scrutinized and cut to the marrow for fear there will be no money to meet the demand, and Chairman Frank of the Finance Committee said last night, one-third in jest and two-thirds in earnest, that from this time forth, he would oppose everything that called for the expenditure of money.

The first act of economy last night, on recommendation of the Superintendent, was to rescind the action of two weeks ago, when they voted to pay all the teachers during the Easter vacation. The list of supplies for the Parental School, now nearly ready to be opened, was sent back with instructions that it be cut to meet immediate demands.

Acting upon a recommendation of the Superintendent, the board resolved, in view of the crowded condition of the two High Schools, to take immediate steps in the matter of building another high school.

Leave of absence was granted to the following teachers: Lillian Harrison, Louise Stokes, Mary Burnett, Laura Fredendall, Martha Laird, Mrs. Lillian P. Bradford, Mary C. Hartley, Transfers and assignments were made as follows: Mrs. Ella C. Dawson to Temple street; Pearl M. Graham, to Twentieth street; C. Mario Halforsen, to Castelar street; Anna M. Birdwell, to Eagle Rock; Ida Jackson, to Fifty-second street; Ada Crawford, to Cornwell; Nellie McSweeney, to San Pedro; Alice E. Webster, to Ninth street; Nellie W. Levings, to Boyd street; Marian L. Ward, to Thirty-ninth street; Clara B. Evans, to Seventh street; I. R. Thurston, principal, to Parental School; M. W. Chandler, to Solano avenue. When the Parental School is ready for occupancy, Mae McKinley, to Twenty-third avenue; Belle Grey, to Polytechnic; Estelle Wilson, to Staunton avenue; M. Louise Grant, to Polytechnic; E. W. Oliver and M. Louise Grant, substitute teachers in the High School department.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

BETTER VOTE ON BONDS AGAIN.

ATTORNEYS GIVE ADVICE FOR CITY OF PASADENA.

Office of The Times, No. 11 & Raymond Ave., PASADENA, Feb. 25.—All of the million-dollar bond issue for the purchase of the three water companies will be resubmitted to the people for a vote. Mayor Thomas Earley yesterday received the opinion of the attorneys of the Pasadena Water Company, who advised that, as an election may be held to purchase a portion of the plants, the whole matter may as well be placed before the people for ratification.

This question has been before the voters of Pasadena for many years as it is a pet scheme of the leading men here to buy the three big water plants which now supply the city and merge them in one under public ownership. It has been bitterly fought and the present administration gained office on the promise that they could accomplish this and two years ago the city voted the bonds to make the purchase. But the bonds were authorized, Dillon and Hubbard of New York advised the course. The suggestion comes just as everything is in shape to vote upon the purchase of the betterments but the bond attorneys in New York think that, as an election may be held to purchase a portion of the plants, the whole matter may as well be placed before the people for ratification.

FLINT TO SPEAK.

This evening at the Pasadena Hotel, Mr. Flint, postmaster of Los Angeles, will address the Twilight Club of the city. The speaker will discuss the "Parcels Post and Postal Savings Bank." He will be followed by J. W. Wood, postmaster of Pasadena, who will open the discussion on the "Parcels Post and Postal Savings Bank." The club is limited to seventy-five members and now has seventy-three. It is composed of professional men and bankers and merchants. The club meets on the first Monday of each month to enjoy a dinner and discuss some timely topic.

DRAMATIC CLUB DRAWS.

Amateur Dramatic Event Taking Place in Glendale Proves a Success.

GLENDALFE, Feb. 24.—The members of the Glendale Dramatic Club, comprising a number of the young people in St. Mark's Episcopal Church, on Saturday evening presented a two-act comedy, "Mr. Bob," in the Masonic Hall. Those in the cast were: Mrs. J. W. Wood, postmaster of Pasadena, who will open the discussion on the "Parcels Post and Postal Savings Bank." The club is limited to seventy-five members and now has seventy-three. It is composed of professional men and bankers and merchants. The club meets on the first Monday of each month to enjoy a dinner and discuss some timely topic.

BOY OFFENDERS.

Chief of Police Howard H. Pavour yesterday said that eleven boys had come within the clutches of the law recently because they remained out after 10:30 o'clock in the evening. The offenses charged were the theft of an automobile, grand larceny and running away from home. Three of these eleven youngsters have a cave somewhere in the nearby mountains and, although they have been questioned and cross-examined by the police, they refused to give the hiding place of their lair.

VENICE.

VENICE, Feb. 24.—Abbot Kinney has returned from San Diego, where he secured three large launches for the Atlantic squadron. Work has been commenced on the first of the three launches that are to be built for the accommodation of the crowds that come to this beach to see the battleships. These launches will be so large that they can be utilized for picnic parties and clam bakes when it is desired to have sea parties.

LEAGUES ORGANIZE.

About seventy-five Republicans met Saturday and organized the Lincoln-Roosevelt League in this city. The following list of officers is announced: Nat. E. Wood, president; Dr. M. O. Randall, first vice-president; J. Perry Wood, second vice-president; Councilman W. T. Root, third vice-president; Guy Richards Crump, secretary-treasurer. State Senator C. W. Bell took an active part in the organization.

SOCIETY NOTES.

The Romanesque room at Hotel Green was gay yesterday evening with American flags and national colors, when eighty of the guests participated in a game of military euchre. Scattered about were tables representing twenty United States forts and from each floated an ensign bearing its name. These were manned by men and women in handsome evening dress, and the raid and skirmishes were spirited for two hours. In the center of the room were displayed the spoils of war, and the three forts which

DISCUSS POSSIBILITIES AT A SEASHORE LUNCHEON.

Representatives of Commercial Bodies of the Islands and of Los Angeles and Redondo Look Over the Field—Local Shipping Advantages Are Inspected.

REDONDO, Feb. 24.—A notable gathering—perhaps a momentous one for this city—at luncheon today at the Hotel Redondo, comprised representatives of the Hawaiian Promotion Committee, the Los Angeles Chamber of Commerce and the Redondo Beach Chamber of Commerce. The luncheon was an informal affair given to the visitors from the islands by the local commercial body, and it was the occasion for a discussion of the possibilities in the way of commerce between Southern California and the Hawaiian Islands through the Redondo Beach line.

LONG BEACH PEOPLE AROUSED.

Reduction in Prices Proposed in Ordinance Pending Is Decried—Be Accompanied by Other Provisions Likely to Nullify It—Citizens Besiege Councilman.

LONG BEACH, Feb. 24.—The water-rate question continues the absorbing theme throughout the city and Councilmen are leading unpleasant lives at present listening to the arguments of their constituents. That the ordinance now pending does not give satisfaction, but mildly expresses the general opinion of it. On its face there is an apparent reduction of from 20 to 35 percent from existing rates, but a careful reading of the entire ordinance reveals that the company is given many chances for extra charges that as a rule rates will be even higher than at present. Even the provision compelling the company to furnish meters when demanded has a nullifying clause in the provision making the rate 15 cents per 100 gallons. Strong pressure is being brought to bear on the Council to wipe out all extras and fix a flat rate for residences, large and small, and to make the meter provision operative by fixing the charge at 10 cents per 100 gallons. The Councilmen themselves are divided on the ordinance and hold daily and nightly caucuses thrashed out by the members of the Council. It is reported that they have practically agreed on a flat rate, and reduced the sprinkling to 1/2 cent per front foot, but are almost hopelessly divided on the question of the meter rate. The final battle is looked for at the regular meeting on Thursday morning, when the Council will tend to try to watch the action of their ward Councilman in the matter.

MAKE DRY LAND SOON.

Project for Improvement of Lands in the Country About Monrovia.

MONROVIA, Feb. 24.—Coincident with the improvement in financial conditions in the province of Monrovia, Liberia, the resumption of intensive agricultural development of the big tract of dry land south of Monrovia. Formerly a part of Rancho Santa Anita, it has been acquired by the Los Angeles Land Improvement Company. The tract is about 400 acres and is well developed on the top. The tract resulted in a supply of 40 inches of water which irrigates a large acreage of berries and vegetables. A new shaft of 45 feet is being sunk in the north part of the tract just outside the city limits, and is being operated by C. J. Hickford, well contractor.

DEATH TAKES HERO.

Death of Cousin of Gen. Merritt at the Soldiers' Home—Was Twice Wounded.

SOLDIERS' HOME, Feb. 24.—Lieut. Col. Alexander H. Merritt, after a brief illness, died at the home hospital Saturday evening, and was buried yesterday in the cemetery here. He was a cousin of Maj. Gen. Wesley Merritt, and like the latter, "won his spurs" in a manner worthy to be proud. Enlisting at the earliest period of the Civil War, he served in the 1st Michigan Infantry. He passed through the various grades, until at the end of the war he had won the epaulettes of lieutenant colonel. Twice he received commendatory notices "for gallant and meritorious conduct," and on each occasion he was promoted.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

No other medicine for women's ills in the world has received such wide-spread and unqualified endorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for women's diseases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

It has relieved more cases of Backache and Local Weakness than any other remedy. It dissolves and expels tumors in an early stage of development.

Women who are sick and want to get well should refuse to accept any substitute for Lydia E. Pinkham's Vegetable Compound.
